Book of Destiny

Welcome to your personal report from the Book of Destiny! Inside you will find detailed information about one year of your life. If you read carefully, you can extract even more information from this valuable report.

The information found within comes from a very ancient and highly revered mystical science that originated before the days of early Egypt. Its exact origins are unknown but its accuracy speaks for itself. The information it will give you will be timely and practical, pertaining to the events and experiences you are currently going through.

Understanding the Structure of a Yearly Report

The information about your life in the Book of Destiny is in the form of playing cards arranged in a particular formation. The positions of these cards is not random in any way. Each card is derived from mystical calculations taken from your birthday and your current age. It is these cards and their meanings, that relay the information about each year of your life. Here is how these cards are divided and presented in the context of this Yearly Report.

First of all, this report will have one or more Main Sections, each referring to the cards found under one of your personal signifiers. Our personal signifiers are cards that represent us in some way. These include the Birth Card, Planetary Ruling Card, Personality Cards and Karma Cards. All of these cards can be used to signify us and each plays a certain role. However, not all of them are required to make a complete Yearly Report. Therefore, this report may contain one or as many as five main sections, each under the heading of one of these personal signifiers, depending upon who ran this report for you and which personal signifiers they believed would be the most helpful for you to know about. Most Yearly Reports include the cards for two personal signifiers, the Birth Card and one other. Karma Cards are rarely used.

Each of the Main Sections of a Yearly Report is divided into two distinct groups of cards and each of these Card Group Sections will have a Title Page to let you know what will follow. The first Card Group Section are what we call the Year-Long Influence Cards. These five cards, the Long Range, Pluto, Result, Environment and Displacement Cards, cast their influence on an entire year of our life. For this reason, their influence is more powerful than the other cards in a Yearly Report.

NOTE: Some of the Birth and Planetary Ruling Cards do not have Environment and Displacement Cards. These are the Ace of Clubs, 2 of Hearts, 9 of Hearts, Jack of Hearts, 8 of Clubs, 7 of Diamonds and King of Spades. If one of your personal signifiers is one of these cards, there will not be a page about the Environment and Displacement Cards in that Main Section.

The second Card Group Section in each Main Section are the Planetary Period Cards. There will usually be two cards found in each of seven Planetary Periods that divide the year into 52-day segments and the Title Page for this section will show them all to you and list the dates that correspond to the beginning of each period. Your birthday marks the beginning of the first period, called the Mercury Period. 52 days later the next period begins (Venus) and so forth until your next birthday marks the ending of one year and the beginning of the next. The cards found in each period have a strong influence over the events and experiences of that time segment. They also cast a subtle influence on the entire year and when this is the case, it will be mentioned in the interpretations for that particular card.

That is basically all there is to a Yearly Report except that there is a special section that is found in the beginning called the Report on Auspicious Positions Page. This page will tell you about influences that are present due to the position of your Birth Card and Planetary Ruling Card in this year's Grand Solar Spread. The Grand Solar Spread is sort of a master spread from which the cards in your Yearly Report were taken. You may or may not have one of these pages because there are some years that your cards may not fall into any of the nine various auspicious positions that this report looks for.

More About Your Personal Signifiers

Your birthday associates you with one of the 52 playing cards. That card, called the Birth or Destiny Card, tells us much about your personality, character, and potential in the various areas of life. Every Birth Card has a highest expression as well as challenges that must be dealt with during the course of a lifetime. Inside, you will find a detailed description of your Birth Card on the page entitled "About Your Birth and Destiny Card". This is the first place to begin in your study. The meaning of your Birth Card will not change over the course of your life. Each of us is constantly refining the characteristics of our Birth Card, striving to reach the highest potential it offers us while working with some of the karmic challenges that are also associated with it.

Even though it is the most important, our Birth Card is not the only card that is a personal signifier for us. There are other cards that offer further clues about our character traits and personality. The most important is our Planetary Ruling Card. The Planetary Ruling Card is derived from our sun sign and explains much about our behavior in a similar fashion as the Birth Card. It is often compared with our Rising Sign in astrology. It acts as a personality filter that influences our behavior in a certain way and it is an important card to learn more about.

BOOK OF DESTINY

We also have one or more Personality Cards that are essentially masks that we wear from time to time when we are engaged in certain activities or occupations. These are always the Jack, Queen and King of our Birth Card's suit. For example, if a woman is romantically involved, she is usually playing the role of her Queen. If her Birth Card is a 5 of Clubs, for example, she would be acting as the Queen of Clubs when she was in love. Men in love act as the Jack of their suit. When your Yearly Report has a Main Section for one of these Personality Cards, just exactly how they fit into the overall picture will be explained in the report. Just keep in mind that these Personality Card influences are only in effect for whatever period of time we make their activities important in our lives. This is very different from the Birth Card or Planetary Ruling Card which are in effect all of the time.

Our Karma Cards offer additional mirrors of our personality, often revealing hidden traits. Most of us have two Karma Cards but some have as many as six. If this report has a Main Section in this report for one of your Karma Cards, it will likely reveal events and experiences that are very personal in nature and perhaps not so significant in an external or mundane fashion.

How to do Relationship Readings for this Year

Though not apparent on the surface, this report does allow you to look up people you know and discover how they will be influencing you in the year that this report is created for. This section gives you all the tools you need to do this on your own, it is not presented directly by the report, but the information is available if you have the time to read this and follow the necessary steps.

STEP ONE - Make a list of the Birth Cards of people you want to know about. On the following page is a Birth Card Chart that gives the Birth Cards for each birthday of the year. In the table in the next column, list up to ten of the most important people in your life. Write down their names and birthdays and then look up their Birth Card and write that in as well.

STEP TWO - Determine their Personality Cards. Personality Cards are used frequently in relationship comparisons because they have proven to be accurate and important in this area. For purposes of this report, just list the Jack for men and the Queen for women, always of the same suit as their Birth Card, and write them down next to their Birth Card. For example, if some man you know has a Birth Card of a 7 of Diamonds, you would write the Jack of Diamonds down under "Cards" beside his Birth Card.

STEP THREE - If you have the book, Love Cards by Robert Camp, look up and write down the Planetary Ruling Cards and Karma Cards of each person. These additional personal signifiers will give you more cards to look for.

Name	Birthday	Cards

Your List of Friends and Family

They are not completely necessary, but if you have them, it will simply add more to your search.

STEP FOUR - Look through your Yearly Report for the occurrences of their cards and then compare their locations with the Relationships LookUp Table to determine what it means. Take their Birth Card first and look through your Report to see if it is mentioned anywhere. If you find it, make a note of what position it is in (Long Range, Mercury Period, Pluto, etc.) The Relationships LookUp Table on the page after next will tell you what it means when it is found in any particular position. Once you have looked for their Birth Card, you can search for their other cards in the same manner.

The position of each card will relate a specific influence they will have on you over the course of the year. When one of their personal signifiers shows up in a specific Planetary Period, you can bet that they will play a significant role in your life at that time. Read the meaning of the other cards found in that period to determine just what that role might be. For example, suppose someone you know is a 3 of Hearts female and you happen to have a Queen of Hearts in your Mars Period along with a 5 of Diamonds. This Queen of Hearts is one of your 3 of Hearts friend's personal signifiers and thus it does represent her playing some role at that time. Because it is in Mars, you know that it could be a competitive or passionate role. The 5 of Diamonds suggests a change in finances related to a legal matter or a business trip. Putting these tips together you may predict a disagreement with your 3 of Hearts friend about some money matter, perhaps a legal matter, OR that the two of you go on a business trip in a somewhat restless manner.

Using this technique, you can add a lot more dimension to your personal Yearly Report. In fact, most of the cards in our Yearly Reports have dual meanings and many stories to tell us. The interpretations given for each of the cards tell the major story, but with the proper tools, you can derive much more information about other aspects of your life.

Position	Keywords - Description
Mercury Period	Good communications, love to talk, share ideas. Helpful for all relationships.
Venus Period	Love, either close friendship or intimate, good for marriage or any relationship.

Jupiter Period	Spiritual and financial or material blessings. Very good influence for marriage or business partners.
Saturn Period	Restrictions, burdens, challenges, learning lessons, karmic relationships. This person may teach you. if you accept them with the right attitude. Otherwise, it is difficult or problematic.
Uranus Period	A spiritual relationship that needs freedom. Can make you feel uncertain. Friendship without the usual attachments. Do not try to control them this year. They come and go unexpectedly.
Neptune Period	You project your fantasies onto them. Illusion, self-deception or secret deceptions are likely. They can be spiritual or mystical to you. Dream come true or nightmare?
Pluto Card	They personify your challenges for this year. They may represent what you want to be yourself. Challenging and transforming to you. Combine with Result Card for complete story.
Result Card	Same as Pluto but you are likely to end up with them by your next birthday, as a blessing in your life. Part of what transforms you this year but a blessing as the year ends.
Environment Card	Someone who is a protective and helpful influence to you throughout this year. A blessing.
Displacement Card	This is an important one. Since you are literally sitting on their card this year, you are experiencing life from their point of view. You will also have to give to them this year, whatever seems appropriate.

Special Tips for Gaining a Better Understanding of Your Yearly Report

1. To know more about your personal relationships in a year-long manner, look at the cards in your Venus Period and look at all the Heart cards found everywhere in your spreads. These are the most important relationship indicators.
2. To find out more about your work for the year in a general way, look at the Mars and Uranus Period cards and the Spade cards found anywhere in your reading. If you are involved in any of the communications fields, look for Clubs cards to indicate your success or failure in those areas. Entertainers, artists and those that work primarily with people should look at the Heart cards and the cards found in Venus. Salespeople and merchants would look for Diamonds and the Jupiter cards.
3. To know more about your health, look at the Saturn Period cards and Spade cards in particular.
4. To find out how your finances will be this year, look at all the Diamond cards and the cards under the Jupiter Period.
5. Our Jupiter Period cards each year signify what or who will be the greatest blessings and in which direction we can achieve the greatest financial blessings. To insure your financial success, follow the path laid out by your Jupiter cards, especially the Jupiter cards found in your Birth Card and Planetary Ruling Card sections.
6. Always seek to combine the meaning of the two cards found in the Planetary Periods to get the complete meaning. The whole story for any particular period is a combination of both cards acting together. Sometimes the Neptune period has only one card. When this is the case, this one card is the only influence present.
7. Try to keep the various sections of the report in perspective. Sections based upon Personality Cards will only apply to those aspects of your life governed by those cards.
8. When two cards in one period seem to contradict each other, remember that the more positive card will win out over the negative card in any given Planetary Period. Though the negative card could indicate a problem of some sort, the other card will indicate a resolution of that problem later in the period.
9. To learn more about this amazing system and how to do readings for yourself and others, purchase a copy of Destiny Cards by Robert Camp, available where you got this report. His other book, Love Cards, is also highly recommended, and also available where you purchased this report.

All about Your Birth Card

Our Birth Card is our most important symbol of who we are in this lifetime. It is the card that we most identify with, and through which we have the greatest gifts to share with those around us. It is also called our Sun Card and our Soul Card.

The King of Diamonds Person

The Businessman's Card

The King of Diamonds is the master of values, finances and business. In this regard he or she can do very well in any business pursuit, applying their inherited knowledge to their work with much success. These people are always more successful as heads of their own business rather than working for others. They can be very mercenary when it comes to money and business, but they don't have to be.

This is the only 'one-eyed' King in the deck, which tends to blind them to certain aspects of life and situations. This can also make them very stubborn and see things from only their side of the issue. King of Diamonds are known to make enemies for this very reason. Perhaps the upraised 'battle-ax' on their card represents a fondness for competition. However, all of them know what is of real value and if they follow their knowing instead of their fears, they can be the most respectable people in the business world. They must always guard against using their power to get things to go their way at the expense of others. With so much inherent power, the King of Diamonds can avoid dealing with their feelings and this is where many problems are created. There are often emotional issues from childhood that must be dealt with before the higher side of this card can be manifested. Until then, they can appear cold and ruthless.

They are very creative and can make huge amounts of money by using this gift. The King of Diamonds are powerful people who can do much good in the world and can be examples of those who are 'in the world but not of it'.

Some of the King of Diamonds Issues Concerning Relationships

The King of Diamonds is one of those cards that doesn't have any particular good or bad relationship karma. However, being Kings, they are quite powerful and unwilling to compromise, which can cause problems on the personal level. The women, especially, have to find a way to balance their strong masculine side in the context of a relationship where the accepted norm is the 'retiring female'. They tend to want to dominate or at least be an equal to their mates and not many men are willing or able to deal with such power in a woman. Some of the women give up trying after a few unsuccessful attempts. Some of the men do likewise. Both sexes can be guilty of looking at love and marriage strictly from a financial point of view. It is always best for them to keep their business and love life separate until they find the right match.

Both sexes could learn to express their fears and emotions to have better luck in romance or marriage. Honest communication bridges the gap and brings more intimacy. They are attracted to those of wit and good education and are often found working with their spouse in a business.

All about Your Planetary Ruling Card

The Planetary Ruling Card acts like a second Birth Card to give you a new slant on your personality and character traits. It is very important in terms of your personal relationships since it represents a part of you that you identify with strongly.

Six of Hearts as Your Planetary Ruler

This card makes you a 'peace-maker' and you will find yourself in the position of mediator from time to time as a result. You have the ability to see both sides of any personal conflict between people. You enjoy seeing things turn out right and will often get involved if there is injustice being done. You will always want to see that what happens is fair and equitable. You really know what is fair and what is not. You can be very competitive. Though a peace-loving person, you will probably return 'an eye for an eye' when you are crossed. Many people with this card excel at sports or other competitive activities. You could even become a lawyer. You will feel often that your personal life gets into a rut. Once you get comfortable with a certain person, it is usually hard for you to change, even when you may want to. You will usually wait to see what will come your way instead of going out and making it happen as far as your love life is concerned. Indeed, most of your important personal relationships are 'destined'.

Personal Yearly Report for Angelina Jolie

Born 6/4/1975 Age 30

BOOK OF DESTINY

Auspicious Events Occuring at Age 30

Each year most people's Birth and Planetary Ruling Cards move to a different location in what we call the Grand Solar Spread (pictured below). Each position has a unique significance and is described in the section about the Displacement Card. However, some of these positions are more significant and represent times in life when special events will occur. There are also special events determined by our age and by certain cards that fall into prominent positions in our Yearly Spreads. This section of your report will define what, if any, of these auspicious events will occur for you this year. The text given further emphasizes their unique importance in the overall fabric of your cards for this time of your life.

This is a Major Completion Year for You

Because you have a Nine card in a prominent position this year (Long Range, Pluto, Result, Environment, or Displacement), we know that this will be a year in which you achieve an important ending in your life. This Nine may occur in either your Birth Card or Planetary Ruling Card Spread. Endings can be seen as disappointments if we disregard their true meaning. In truth they represent graduations from chapters of our life that were important, but are now no longer helpful for our personal growth and development. What is also beautiful about endings is the wonderful freedom we feel after we have passed through it and are on to our next stage of work and development.

Whatever the nature of the endings in your life this year, be glad that you have reached the point in your development that you are ready to move on to better things and relationships. We are often afraid to let go of things that have become so familiar to us. Sometimes we are not even able to see that these things are no longer of any real use to us. Rest assured that this is the case for you. You are ready to move on and by this time next year, you will be in an entirely new and better place for your personal and professional development and expansion.

If you have more than one occurrence of a Nine in these prominent positions, the significance of this completion year becomes even greater and the stronger the likelihood that many areas of your life are coming to an end in preparation for a new phase of development.

Study whatever Nines you may find in your Yearly Spreads carefully. Each one will reveal the specific areas that you may be encountering some important completions.

You Have Good Career Influences This Year

Because of the position of your Planetary Ruling Card this year, there are opportunities for you to achieve a larger measure of recognition in your work. Of course, if you are not career or business minded, this influence will have little effect on you. But for those who are trying to get more recognition or wish to become better known, this is a year when some of those dreams will come true.

The cards in your Planetary Ruling Card's Yearly Spread will rise up to the 'Crown Line' sometime this year and because of this, people will pay more attention to what you are doing. You could achieve some sort of award or merely become more recognized in your field. Many people receive promotions during years such as these. Just how it will manifest will depend upon the nature of your work or aspirations. Knowing, however, that these influences are present, it would be advantageous to put more effort into becoming recognized.

About The One-Year Reading for your Birth Card

Our Birth Card is the most significant card of all the cards that represent us. It is the card that we identify the most with and the one in which we 'shine forth' with the greatest brilliance. We have other cards that are symbols of us as well. These include the Planetary Ruling Card, Personality Cards and Karma Cards to some extent. However, it is the Birth Card that is first and foremost in its importance and in its ability to describe our life in great detail.

Since this report may contain the Yearly Spreads for other cards that represent you, it is important to know the difference between them and their purposes in determining what they are trying to tell you.

On the following pages are all the cards for this year that fall in the Yearly Spread for your Birth Card. Cards in the Birth Card's Yearly Spread can pertain to most any area of your life, in contrast to the Personality Card spreads which usually only pertain to certain aspects of your life. As you read these influences keep in mind that these are the primary and most important.

Your Result Card

Your Result Card combines with the Pluto Card to help define your big change and challenge of the year. Your Long Range Card This Year

Your Long Range Card

The Five of Spades as the Long Range Card

The Five of Spades is the strongest indicator of travel or moving your home or your business, but on a deeper level, it means a change that will somehow affect what you do every day, a change of 'lifestyle'. It can indicate changes in your work or health as well. You may be faced with the need to make basic changes in your lifestyle that could affect every area of your life. In some cases this card simply reflects changes in one's work environment or the way one conducts business. But usually it indicates much more fundamental changes, either in one's residence, lifestyle, or health.

Underneath all the changes is likely to be an inner restlessness. The time has come for you to move in new directions. These new directions could be in the area of work or the location of your home. You could have a strong desire to travel that sets you off on a great adventure this year. Hopefully these changes will be for the better.

Your Pluto Card This Year

Your Pluto Card

The Nine of Clubs as the Pluto Card

This year could either be very uplifting and fulfilling or it could be fraught with disappointment and painful endings. In one way or another you will be challenged this year to let go of outworn concepts, ideas, and ways of thinking and communicating. You may even end a certain type of career or profession in preparation for starting something new. Any of these endings may be difficult for you to digest or allow. The more you resist the changes that are occurring, the more pain you will suffer. You will have to let go this year to make way for the new beginnings that will be occurring next year. This is graduation year. Isn't it funny how we sometimes resist leaving things?

In all likelihood, all these endings are good for you in many ways. This card tells us that you have reached a pinnacle and place of completion in one or more important areas of your life. This will be a year of tying up loose ends and saying good-bye to certain parts of yourself that are no longer helping you. However, our minds often have a hard time letting go.

On a more positive side, you could be developing and learning much in the

Your Result Card

The Ace of Spades as the Result Card

Whatever the nature of your challenge card this year, add to its meaning that you are wanting to make a total change in your life this year in relation to it. Whether that challenge card is the card of someone you know, or the card representing a state of mind or something to do with your health or work, the Ace of Spades as the Result Card says that a radical change is in the works in relation to that energy, person or thing. Not only that, but this is a change that you want for yourself and one that you are motivated to work for.

If your Pluto Card is one of a spiritual challenge, it is likely that some inner exploration to the roots of your being will be necessary to effect this change. You are protected in this change and should not worry as the Ace of Spades has a deep spiritual connection to the highest spiritual orders and energies.

If your Pluto Card is one of a strength or power that you are trying to manifest in your life, this Ace of Spades indicates that this is a major change for you from the past. This change will happen and that is the guarantee of this card.

When you end up this year, you will be much different as a result of the Pluto card and the energy you invest in working with it.

Keep in mind also, that the Ace of Spades is one of the traditional death cards. It is possible that someone you are associated with will pass on this year. If that is the case, you can be sure that this transition will have a major effect on you and set you on a new course in life in some fundamental and important way.

About the Mercury Period Cards from your Birth Card Spread

The Mercury Period is the one that always begins on your birthday each year. During this period, the focus is usually on communications, short trips here and there, educational pursuits, or the affairs of siblings and other family members. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Mercury Period Cards are usually of little consequence since Mercury itself is such a quick-moving influence. Therefore, events under Mercury will usually be short-lived, quick or sudden.

The cards below are from your Birth Card's Yearly Spread. Therefore, they are the most important Mercury Cards of the year and may pertain to most any area of your life.

Your Direct Mercury Card

Your Direct Mercury Card

The Three of Clubs in the Mercury Period

This card in this position means indecision about a short trip, where to work, or what to study. Two opportunities or two responsibilities at one time could bring uncertainty and worry. Your own restlessness and change-ability could be the underlying causes of your indecision now. If you can see how you have created this situation you may discover a way to resolve it successfully. Your other Mercury Card may point to an area where your indecision or worry lies. This could be a person or a situation in your life.

This is also a very creative influence and could bring you success in either writing, talking, or some form of verbal or written expression. You will be getting many good ideas during this period. Write them down, you may be glad you did later.

Your Vertical Mercury Card

Your Vertical Mercury Card

The Nine of Spades in the Mercury Period

This period may bring a sudden illness, accident, or trouble with work. This could be disappointing but will probably not last long either. This could be a sudden loss of work or some unexpected bad news. This could also be a problem encountered on a short trip such as an accident, or some trouble with a brother or sister. It is best to slow down now, take things at a safe pace until this period is over. Also watch out for negative attitudes now.

Since all nines represent completions and endings, your other Mercury Card could indicate who or what in your life is now coming to an end. It also may indicate what is the net result of your letting go or give more background information about the ending.

The Cards Influencing Your Saturn Period

About the Saturn Period Cards from your Birth Card Spread

Your Saturn
Period lasts from
12/29/2005 till 2/20/2006

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and what is likely to happen. Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

The cards below are from your Birth Card's Yearly Spread. Therefore, they are the most important Saturn Cards of the year and may pertain to any area of your life.

Your Direct Saturn Card

Your Direct Saturn Card

The Ace of Hearts in the Saturn Period

Saturn's karmic influence says that you are now dealing with some experiences that were created in the past. If you have a frustrated or unsuccessful attempt to gain another's affection, it could be the result of your actions from the past, even a previous life. Another possibility of this influence is a letter from a friend in need or having some kind of illness or burden. A birth occurring during this period is likely to be difficult and problematic.

This influence often represents a desire for affection and attention that is difficult, if not impossible, to fulfill. It can represent loneliness and an aching heart. This influence can prompt us to even become somewhat desperate about our need for love, but its purpose is to direct our attention within so that we learn how to fulfill ourselves from inside and depend less on others for our sense of being loved. Whatever happens during this period, it is likely to help you get your attention back on to your inner needs and feelings and the end result will be your having more ability to love yourself.

Your Vertical Saturn Card

Your Vertical Saturn Card

The Three of Diamonds in the Saturn Period

This influence brings excessive worry about money that bothers you a lot, perhaps to the point of illness. Or, someone else's death or ill health causes some financial problems or worry. Under Saturn, your current money fears are probably karmic in nature, that is, a payment for past deeds or actions. Keep a low profile now and take care of your health and nerves. Any kind of speculation is not supported by this influence.

On a deeper level you are being given a jolt of creative energy now and this energy could be used to help you find more and better ways to make money. However, it will be a challenge to see if you can utilize this energy without letting it turn into worry about money, which is the negative side of this card. Also, the difficulties indicated by this card could be offset by a strong card in the other position, for example any of the fours, eights or tens.

Your Direct Uranus Card

Your Direct Uranus Card

The Nine of Hearts in the Uranus Period

Unexpected circumstances can bring disappointments in work, in love, in romance and with friends during this period. Jealousy and scandal may occur at work and good friends may seem hard to come by during this Nine of Hearts Uranus period. Do not expect much from others now and look to any sort of humanitarian work for inspiration and healing.

It is entirely possible that you have outgrown some of your friendships and that now is the time to let them go. See these endings as completions and let go willingly, if that is what is being called for by the situation. New and better relationships are just around the corner.

This is a good influence for spiritual matters, learning new spiritual information, attending classes, etc. Also, keep in mind that a positive card, such as a four, eight, or ten, in the other position this period would offset any problematic situations that may arise and bring about good results overall.

Your Vertical Uranus Card

Your Vertical Uranus Card

The King of Hearts in the Uranus Period

Strong psychic power, hard work, and leadership in service to others can bring success during this period. Also you may have the association of someone with these qualities which will be beneficial to you. Community or volunteer work is strongly benefited by this influence. Your love could produce some unexpected and satisfying results. Your own psychic powers will be at hand to help you in all that you do.

For men, this card can indicate the birth of a child or an unexpected pregnancy of their wife or other female companion. It also represents success in their romantic love life.

Men, especially older men, of the Hearts suit will seem to be unpredictable during this period, and to a lesser extent, for the entire year. You would do best not to place too many expectations on them while they are this sort of influence in your life.

About the Neptune Period Cards from your Birth Card Spread

Neptune is the last period, that always begins 52 days before your next birthday each year. This period is one of the best times to take a vacation, especially if that vacation will take you to a foreign country.

Our Neptune Card(s) often represent who or what are our 'hopes and fears' for the year. It can represent things that we secretly want or things that we may be afraid will come to pass. The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Your Direct Neptune Card

Your Direct Neptune Card

The King of Hearts in the Neptune Period

This card brings a time when your charm and magnetism are at an all time high and can be used for romantic or professional success. Especially favored are social or romantic occasions involving travel or vacations. For men, this can indicate a year when a child is born or conceived. For women, it may indicate meeting the lover of your dreams. You have considerable love and healing power now that you can use to help others or yourself.

Any men of the Hearts suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. You could easily project your fantasies on them, romantic or otherwise. Therefore it is best not to make any important decisions related to them until after your next birthday.

The Three of Hearts as the Long Range Card

This year you will have a strong desire to learn about love and intimate relationships and friendships, mostly through experimentation. Your mind is involved with your heart matters, thus you may expect many changes in romantic areas. This will likely be the cause of many different experiences with love and friendships.

If you are in a position to be wanting a new relationship, this will be a year filled with variety. This means you are likely to have more than one person to love at different times of the year. This card often comes up in people's spreads who are just getting back into relationships after a time of being without one. They often need a year or so to get familiar with who is available and to discover what they are truly looking for. There can be times of confusion and indecision, but these are merely part of the process of getting enough information to make an informed decision.

If you are not looking for a new relationship this card could indicate meeting many new and interesting people in the year or of having some prolonged element of indecision in your existing love situation. Sometimes the Three of Hearts can mean fears about not getting enough love. If that is the case, you may be able to see that it is your own indecision or uncertainty about commitment that is at the root of your worries.

The Saturn Period follows Jupiter and is almost the reverse of it in its influence. Whereas Jupiter is expansive and abundant, Saturn is often restrictive and burdensome. The two cards found in this period will combine to tell you what influences are present and therefore, what is likely to occur.

Our Saturn Cards often describe who or what are our major challenges or difficulties for the year. However, by facing these challenges, we can learn many things that will aid in our ultimate success. Saturn teaches us patience and responsibility.

Your Direct Saturn Card

Your Direct Saturn Card

The Six of Spades in the Saturn Period

Any physical problems you face now are likely to be the result of an accumulation of bad health habits from the past. As this is a 'triple karmic' influence, most any area of your life could be the one where you are receiving payment for past thoughts, words, or actions that were hurtful to others or to your own body. Now is the time to take full responsibility for your health, work and lifestyle and to be willing to make proper amends to correct any problems.

This is the strongest card of fate in the whole deck. Because the Saturn Period is also a karmic or 'fated' period, it triples the influence. Seeing this card coming, it is wise to take stock of your actions in the past and assume as much responsibility as you can for your deeds. It is especially important to make sure that your health and work habits are positive, honest and healthful as you approach this period. Everything in your life that is out of balance will probably be brought into balance in a somewhat relentless and often extreme manner.

Your Vertical Saturn Card

You may find that you have to work very hard now, but the rewards of better health and less problems will be worth it. You are learning the secrets about how to improve your life from within, which is one of the highest spiritual achievements.

Be on the lookout for women of the Spades suit, especially those who you are romantically involved with. These are likely to prove troublesome or burdensome in some way during this period.

The Neptune Period is usually not a good time to make any definite decisions about our future as things often appear blurred from our point of view.

Any men of the Spades suit that you meet during this period, and to a lesser extent, this entire year, are likely to be a little hard for you to see objectively. The Nine of Hearts in the Saturn Period

The likelihood of emotional problems causing ill health and other kinds of misfortune is present during this period. Personal relationships are challenging and disappointing but contact with the public can be a source of fulfillment and joy. It may be that you are involved in a heavy karmic relationship now, one that was destined to teach you much about yourself and your love nature. In any case, one or more key relationships in your life have reached their place of completion and are now coming to an end. Letting go of personal attachments and relationships that are no longer serving any good purpose in your life will ultimately lead you to new and better relationships. This card can often represent a difficult divorce.

Also bear in mind that the difficulties or challenges indicated by this card could be offset by a strong card in the other position, for example any of the fours, eights or tens.

Your Vertical Saturn Card

The Three of Hearts in the Saturn Period

Indecision over love or friendship could make you ill during this period. Any love triangles that you may be involved in will be more difficult than ever. The situation at hand may be one which you created in the past and are now having to contend with. Your indecisiveness is probably at the root of it and now you may have no choice but to wait it out and see how the cards fall. This card could also mean someone you love is in poor health and taxing your peace of mind. Try not to worry so much and take care of your body until this is over.

This card can indicate chronic worry about love and about your not getting enough affection. Often it's our own indecision and refusal to stay with one relationship that threatens our security in love, which is something we all need.

The difficulties indicated by this card could be offset by a strong card in the other Saturn position, for example any of the fours, eights or tens. In any event, the other Saturn card could tell you who is involved in this potential love triangle.

Mental frustration and worry are definite possibilities now with some of the problems you may have with co-workers or labor groups. Also there could be a disappointing real estate deal and this is not a good time for real estate speculation. In addition psychic experiments could prove to be disappointing. Do not expect much from others at this time and adopt a more giving and universal approach in work and friendships to access the potential of this card.

The essential meaning of this card is the ending of some plan or mental occupation. This could represent the ending of a job or of a way of thinking. This card only means that it is over. Whether it is experienced by you as a completion or a disappointment will be based upon your own attitudes about the thing that is ending.

This is a good influence for spiritual matters, learning new spiritual information, attending classes, etc. Also, keep in mind that a positive card, such as a four, eight, or ten, in the other position this period would offset any problematic situations that may arise and bring about good results overall.
